

VETERAN EMPLOYMENT

Veterans have served and sacrificed in defense of our Nation. When they complete their service, we must do everything in our power to assist them in re-entering civilian life and finding employment. As one of the Nation's leading employers, the Federal Government is in need of highly skilled individuals to meet agency staffing needs and to support mission objectives. Our veterans, who have benefited from training and development during their military service, possess a wide variety of skills and experience, as well as the motivation for public service that will help fulfill Federal agencies' staffing needs.
